

BLYTH NEWS

A snapshot of the latest news from Blyth workcats - for owners, operators and interested parties

"Rum Runner" now working on windfarm support contracts

Welcome to the latest Blyth News. Congratulations to Hayley & John Harrison on the delivery of the latest addition to their fleet. The Blyth 10m has been designed for windfarm support work with a turbine connection and safe engineer access. The Blyth 10m is fitted with Iveco 280's she made a top speed of 25 knots, at cruising speed fuel economy of less than 5 gallons per hour is easily achieved. The original Blyth has now been in service for more than 20 years and the first is still out working like the day she was launched, a very well proven

The windfarm turbine connection provides a safe platform for engineer transfers

"Bright Horizon" For Scotland

A new delivery for Andrew & June Lochhead "Bright Horizon" Blyth 12m potter / netter based in Isle of Whithorn, Scotland.

Finished in Pillar box red, "Bright Horizon" is fitted with Iveco 400 de-rated to 330's. Hydroslave 4000lb lift, pot hauler, across a baiting table & roller. Due to Andrews design and method of hauling the wheelhouse is placed as far forward as possible which leave his hauling point just 9ft from the bow.

2 large 6m x 1m fish holds either side provide plenty of room for storage of Lobsters & Whelks.

She has a 6ft shooting door and GRP panels covering the port side gunwales.

Bright Horizon represents the third of four 12m Blyths to come off our production line in a row this year.

Coming soon from Blyth;

14m Windfarm support vessel

12m Hydrographic survey vessel for export

12m Passenger vessel for 60

New 9m model

11m Blyth for the Middle East

Demonstration days prove great way to try before you buy!

Due to the fact you can't choose a boat from a drawing, and the outstanding success of recent on-the-water demonstrations we have decided to put a programme of Blyth demonstration days together for 2009

Demo Programme 2009

Jan - 11m Charter Angler

March - 12m Seafish vessel

May - 9m New Model launch

July - 12m Survey vessel

September - 14m Windfarm

November - 12m Passenger
